

Legendary Affiliate MasterPrint

Myself Ashraf Saikat. A full time online marketer and serial affiliate marketer since 2012.

I had a long past in online industries. Things were not same as was before back in 5-7 years ago.

Now we have awesome marketing tools, softwares, proven strategies and systems to get the BEST from affiliate marketing.

Previously, I was an affiliate marketer at [Warrior+Plus](#), [Click Bank](#), [JVZoo](#), [Click Sure](#) and others ...

I made **\$23,000+** in Click Bank lifetime and **\$20,000+** in warriorplus in 2018 and **\$25,000+** in Clicksure in 2014 -2016.

But I wasn't satisfied. Those was not career.

Till December, 2018 I was scared about my future. Though I was making Good money, but i was not stable for future.

To secure my future, I felt the need of something stable, something is of business nature and something which is lifetime.

As you know, a system can be lost, a network like click bank can be shut down but if you learn about the business , tools and strategies will be remain forever.

And you can use them as your own. **It's your value.**

As long as you live, it won't be lost.

Step : 2

Now you have to upload video.

At first you need to download your selected video. Then you can edit that video by adding 5 seconds intro or outro by adding call to action like “ Click the link below in description “ to increase you CTR.

Or You can just upload without doing nothing. It's up to you.

While Uploading Video You must have to give a **CATCHY Title** to get audience interest.

You can easily get idea from the TITLES of different CC videos. Don't copy just edit some portion.

Titles are very important.

Then Put your Affiliate link/capture page link in description BOX

TIP : Put the link in the first 2 lines of description.

Step -3 :

Make the Video Unlisted. Don't make it PUBLIC first.

After uploading, share to different social media like facebook groups, reddit, tumblr and Quora sites.

Then after getting some views , make it PUBLIC.

Now upload at least one video a day to channel

And see the magic !

After 30 days, you will start to see huge visitors and leads !

Trust me ! It works and don't stop to upload until you get result ..

Method -2 : Quora Traffic (FREE) :

You can get lots of targeted traffic via quora.

You need to follow some category on Quora like - make money, make money online, marketing strategy, website traffic, online money, clickbank to get the RIGHT QUESTIONS to answer.

Just help people by answering Lots of people ask , You just need to search on google and make an answer to them. And

TIP : Do this after you have 20+ YouTube Videos.

Cause You can't put same landing page Link on Quora. It is violating rules. But you can put relevant video URL on your answer.

It will win win situation.

As Your YouTube videos will get views and ranked and in the end you will get traffic to your page.
