Here's my 30-day plan for making at least \$100/day with Clickbank.

Day One

- Choose the **Make Money Online Niche**
- Start writing your lead magnet (free report) or outsource it

Day Two

- Decide on your OTO (One Time Offer) product and start writing or outsource
- Sign up for an autoresponder service (Aweber)
- Register a good Domain Name (Namecheap)
- Choose your squeeze page and sales funnel method (Leadpages)
- Build your squeeze page
- Build your sales funnel

Day Three

- Choose offers to promote from the affiliate networks (Clickbank)
- Test your squeeze page and complete sales funnel
- Complete your lead magnet
- Complete your OTO product

Day Four

- Upload your lead magnet and OTO product to your hosting
- Write your email sequence or outsource
- Check out solo ad sellers (Udimi)

Day Five

- Add your email sequence to your autoresponder service
- Create a Facebook page
- Run a test solo ad and measure conversions
- Look at other cheap traffic sources such as Facebook ads

Day Six

- Reinvest all profits from OTO sales into a new solo ad
- Try Facebook ads and check conversions

Day Seven

- Reinvest all profits from OTO sales into a new solo ad
- Reinvest profits into more Facebook ads
- Check out ad swapping services

Day Eight to Day Thirty One

- Compose periodic offers to your list and send
- Continue to reinvest profits into solo ads and Facebook ads
- Once you have 500 subscribers use ad swapping services to grow your list
- Look for new traffic sources e.g. PPC/Banner/Native and test them

Once you get to 30 days you should already be **making more than \$100 per day.**

For the next two months continue with reinvesting any sales revenues and purchase more paid traffic (Solo ads/Facebook/PPC/ etc.)

This will cost you money but it is a good investment.

You will have your sales funnel set up quickly and be able to start driving traffic.

Follow the plan and hopefully, **you WILL start making \$100 per day in no time.**

Important:

Want an easy way to get your funnel up and running?

Build your list... you've heard it a hundred times before.

But there's a reason for that. To have any sort of consistent online income, you really **MUST** build a subscriber list.

But to do that, you need a few things.

- a quality gift to give in return for an email address
 - a squeeze page to collect the email
- an offer to redirect subscribers to after they join your list
 - a thank you page to deliver the gift
- a series of emails to follow up your new subscribers with

A lot of work - and a lot of know how required to piece it all together.

Andy Waring & Val Wilson have created a product that is probably the easiest way to create your own full funnel that you'll ever see!

It's a brand new Wordpress plugin that - literally in just a few clicks - creates a full sales funnel, complete with

- > High quality rebrandable giveaway
 - > Professional squeeze page
- > Redirect page (going to YOUR affiliate offer)
 - > Fully monetized download page

> Complete 7 day email follow up sequence that builds trust - AND promotes high converting affiliate products

You will not find an easier way to get started.

>> Watch the demo video here to see just how easy this really is.
